Announcement of the New York State College of Home Economics 1927-28

Ithaca, New York
Published by the University
June 1, 1927

THE CALENDAR FOR 1927-28

FIRST TERM

1927		
Sept. 16	Friday	University entrance examinations begin.
Sept. 26	Monday	Academic year begins. Registration of new students.
Sept. 27	Tuesday	
	9-12 a. m.	Registration of new students.
	1-5 p. m.	Registration of old students.
Sept. 28	Wednesday	Registration of old students.
Sept. 29	Thursday	Instruction begins.
Oct. 21	Friday	Last day for payment of tuition.
Nov. 24-26		Thanksgiving recess.
Dec. 17	Sat., 1 p. m.	Instruction ends.
1928		
Jan. 2	Mon. 8 a.m.	Instruction resumed.
Jan. 11	Wednesday	Birthday of Ezra Cornell. Founder's Day.
Jan. 30	Monday	Term examinations begin.
Feb. 8	Wednesday	Term examinations end.

} Christmas
recess.

SECOND TERM

Feb. 10	Friday	}	Registration of all students.
Feb. 11	Saturday		
Feb. 13	Mon. 8 a.m.		Instruction begins.
Feb. 13-18			Farmers' Week.
Mar. 5	Monday		Last day for payment of second-term tuition.
Mar. 31	Sat. 1 p.m.		Instruction ends.
Apr. 9	Mon. 8 a.m.		Instruction resumed.
June 4	Monday		Term examinations begin.
June 18	Monday		Sixtieth Annual Commencement.

} Spring
recess.

CORRESPONDENCE

Correspondence concerning entrance to Cornell University should be addressed to Mr. David F. Hoy, Registrar, Cornell University, Ithaca, New York.

Correspondence concerning requirements for graduation, advanced-standing records, and correspondence of a general nature, should be addressed to the Secretary of the Colleges of Agriculture and Home Economics, Roberts Hall, Ithaca, New York.

Correspondence concerning the content of home-economics courses should be addressed to the Directors of the College of Home Economics, Cornell University, Ithaca, New York.

Correspondence concerning graduate work in home economics should be addressed to the Dean of the Graduate School, Cornell University, Ithaca, New York.

Correspondence concerning the content of hotel courses, and credit for hotel experience, should be addressed to Professor H. B. Meek, Cornell University, Ithaca, New York.

NEW YORK STATE COLLEGE OF HOME ECONOMICS

STAFF OF ADMINISTRATION

Livingston Farrand, A.B., M.D., L.H.D., LL.D., President of the University.
Albert Russell Mann, B.S.A., A.M., Dean of the Colleges of Agriculture and Home Economics.
Martha VanRensselaer, A.B., Director of the College of Home Economics.
Flora Rose, B.S., M.A., Director of the College of Home Economics.
Cornelius Betten, Ph.D., D.Sc., Director of Resident Instruction.
Carl Edwin Ladd, Ph.D., Director of Extension.
Olin Whitney Smith, B.S., Secretary of the Colleges of Agriculture and Home Economics.
Willard Waldo Ellis, A.B., LL.B., Librarian.
George Wilson Parker, Managing Clerk.
Ellen Fitchen, A.B., Secretary of the College of Home Economics.

STAFF OF INSTRUCTION, RESEARCH, AND EXTENSION

Dorothy Denny Barnard, A.B., Acting Assistant Professor of Home Economics.
Miriam Jane Bartlett, Ph.B., Instructor in Home Economics.
Adelaide Anna Barts, B.S., Assistant State Leader of Home Demonstration Agents.
Gertrude W. Betten, B.S., Assistant Manager of the Cafeteria.
Mrs. Myrtle Sherer Betten, Instructor in Home Economics.
Beulah Blackmore, B.S., Professor of Home Economics.
Mrs. Jessie Austin Boys, M.S., Assistant Professor of Home Economics.
Sarah Lucile Brewer, B.S., Extension Professor of Home Economics.
Frances Artie Brookins, Instructor in Home Economics and Assistant Shop Director.
Mrs. Helen Bull, M.D., Acting Professor of Home Economics.
Mrs. Janet Watson Bump, B.S., Assistant in Home Economics.
Sannie Callan, B.S., M.A., Instructor in Home Economics.
Helen Canon, A.B., B.S., Extension Instructor in Home Economics.
Mildred Carney, B.S., M.A., Acting Extension Assistant Professor of Home Economics.
Mary Ella Cushman, B.S., Extension Instructor in Home Economics.
Dorothy Celia DeLany, B.S., Assistant State Leader of Home Demonstration Agents.
Vivian Virginia Drenckhahn, B.S., Assistant in Home Economics.
Mrs. Dora Wetherbee Erway, Assistant Professor of Home Economics.
Faith Fenton, M.S., Assistant Professor of Home Economics.
Dorothy Irene Fessenden, B.S., Instructor in Home Economics and Assistant Manager of the Cafeteria.
Mrs. Ilse Greanelli Forest, Ph.D., Extension Professor of Home Economics.
Marie Fowler, B.S., M.A., Professor of Home Economics.
Katherine Wyckoff Harris, B.S., Instructor in Home Economics and Manager of the Cafeteria.
Mary Frances Henry, M.A., Professor of Home Economics.
Marion Strong Hillhouse, B.A., Instructor in Home Economics.
Frances Beatrice Hunter, B.S., Professor of Home Economics.*
Jennie Catherine Jones, Extension Instructor in Home Economics.
Helen Book Kay, B.S., M.A., Extension Assistant Professor of Home Economics.
Lucy Kimball, B.S., M.A., Instructor in Home Economics.
Helen Louise Koehler, Assistant in Home Economics.
Elizabeth Van Deranther Lacey, M.A., Assistant Professor of Home Economics.
Edith Helena MacArthur, Ph.D., Assistant Professor of Home Economics.
Mrs. Carolyn Brundage McIlroy, Instructor in Home Economics and Shop Director.

*Absent on leave.

- Mrs. Nancy Kritzer Masterman, A.B., Extension Instructor in Home Economics.
Gertrude Mathewson, B.S., Instructor in Home Economics.
Howard Bagnall Meek, S.B., M.A., Professor of Hotel Management.
Helen Monsch, B.S., M.A., Professor of Home Economics.
Grace Evelyn Morin, M.A., Extension Assistant Professor of Home Economics.
Caroline Morton, B.S., M.A., Extension Assistant Professor of Home Economics.
Edith Hollaway Nason, Ph.D., Assistant Professor of Home Economics.
Eleanor Newcomer, A.B., Assistant in Home Economics.
Claribel Nye, B.S., Extension Professor of Home Economics and Associate State Leader of Home Demonstration Agents.*
Katharine Reeves, B.A., Instructor in Home Economics.
Myra Jane Robinson, A.B., Acting Assistant Professor of Home Economics.
Mrs. Nancy McNeal Roman, Ph.B., Extension Professor of Home Economics.
Flora Rose, B.S., M.A., Professor of Home Economics and Director of the College.
Rachel M. Sanders, B.S., Assistant in Home Economics.
Ruth Jean Scott, B.S., Assistant Professor of Home Economics.
Jean Simpson, B.A., M.S., Instructor in Home Economics.
Mrs. Ruby Green Smith, Ph.D., Associate State Leader of Home Demonstration Agents.
Dora Frances Sonnenday, Ph.B., Extension Assistant Professor of Home Economics.
Hazel Lucile Spencer, B.S., M.A., Extension Assistant Professor of Home Economics.
Adelaide Spohn, M.S., Ph.D., Professor of Home Economics.
Helen Marjorie Taylor, B.S., Extension Instructor in Home Economics.
Louis Toth, Instructor in Hotel Accounting (first term).
Martha VanRensselaer, A.B., Professor of Home Economics and Director of the College.
Mrs. Ethel B. Waring, Ph.D., Professor of Home Economics.
Annette J. Warner, Professor of Home Economics.
Charlotte Elizabeth Weiss, Assistant Professor of Home Economics.
Faith Moors Williams, Ph.D., Assistant Professor of Home Economics.

*Absent on leave.

NEW YORK STATE COLLEGE OF HOME ECONOMICS AT CORNELL UNIVERSITY

Home Economics was organized as a department in the New York State College of Agriculture in 1907, and by action of the Board of Trustees was made a professional School of Home Economics in 1920.

The bill to designate the School of Home Economics as the New York State College of Home Economics was signed by the Governor of New York State, the Honorable Alfred E. Smith, on February 24, 1925, and constitutes Chapter 45 of the Laws of 1925. The law provides that the College of Home Economics shall continue to be under the supervision, management, and control of Cornell University as the administrative agent of the State of New York. By the terms of the law, the College will report to the Commissioner of Education of New York State.

The College of Home Economics is now one of the three State Colleges at Cornell University. It offers its students facilities for training through four academic years and the successful completion of a four-years curriculum is recognized by the conferring of the degree of bachelor of science by Cornell University. Opportunity is also offered for graduate work.

BUILDINGS

The College of Home Economics is housed in a building provided by an act of the Legislature passed in 1911 and equipped by an appropriation subsequently granted by the Legislature. In addition, two cottages are used, one as a practice house, the other as a nursery school in connection with the courses in child training.

PAYMENTS TO THE UNIVERSITY

TUITION

Tuition is free to undergraduate students pursuing full, special, or short courses (except the course in Hotel Administration) in the New York State College of Home Economics, who at the beginning of the college year are, and for at least twelve months prior thereto have been, bona-fide residents of the State of New York. Such students are exempt from the payment of tuition fees; provided, however, that no student shall be allowed to transfer from any such course to another course wherein tuition is charged without first paying the regular tuition fees for the hours for which he may receive credit in the latter course. Students who receive free tuition are required to pay an incidental fee of \$10 for admission to the Summer School and \$25 a year as an administration fee if registered in the Graduate School.

Students in Home Economics who are not exempt under these provisions are required to pay tuition as follows:

Four-years course, except the Course in Hotel Administration.....

ministration.....	per year	\$200
The Course in Hotel Administration.....	per year	300
Graduate School.....	per year	75
University Summer Session.....		50
Summer School in Agriculture and Home Economics.....		50

The tuition fees of \$200 and \$300 are payable, respectively, in installments of \$110 and \$160 at the beginning of the first term, and \$90 and \$140 at the beginning of the second term, but a student registered only for the second term of the academic year is required to pay at the rate of the first term.

Tuition and other fees become due when the student registers. The University allows twenty days of grace after the last registration day of each term of the regular session. The last day of grace is generally printed on the registration coupon which the student is required to present at the Treasurer's office. Any student who fails to pay his tuition charges, other fees, and other indebtedness to the University, or who, if entitled to free tuition, fails to claim it at the Treasurer's office and to pay his fees and other indebtedness, within the prescribed period of grace, is thereby dropped from the University unless the Treasurer has granted him an extension of time to complete payment. The Treasurer is permitted to grant such an extension when, in his judgment, the circumstances of a particular case warrant his doing so. For any such extension the student is assessed a fee of \$5 for the first week and \$2 additional for each subsequent week in which the whole or any part of the debt remains unpaid, but the assessment in any case is not more than \$15. The assessment may be waived in any instance for reasons satisfactory to the Comptroller and the Registrar, when such reasons are set forth in a written statement.

The rules governing the rate of tuition in cases of withdrawal during the term or of registration late in the term are stated in the *General Circular of Information*.

Any tuition or other fee may be changed by the Board of Trustees to take effect at any time without previous notice.

OTHER FEES

A matriculation fee of \$10 is required of every student upon entrance into the University, and is payable at the time of registration. A new undergraduate student who has made the required deposit of \$25 with the Treasurer does not make an additional payment of the matriculation fee, because the Treasurer draws on the deposit for this fee. See page 12.

An infirmity fee of \$5 a term is required, at the beginning of each term, of every student. For a statement of the privileges given in return for this fee, see the *General Circular of Information*.

A Willard Straight Hall membership fee of \$4 a term is required, at the beginning of each term, of every undergraduate student. Its payment entitles the student to a share in the common privileges afforded by the operation of Willard Straight Hall, subject to regulations approved by the Board of Managers of the Hall.

The fee of \$4 a term is required of all graduate students except those who are members of the instructing staff, for whom membership is optional. The use of the hall is restricted to those who have paid this fee.

A physical recreation fee is required at the beginning of each term of every undergraduate man and of every woman of the freshman and sophomore classes. It is \$2 a term for men students and \$1 a term for women students. Its payment entitles a man student to the use of the gymnasium and the university playgrounds, and to the use of a locker, with bathing facilities and towels, in the gymnasium, the New York State Drill Hall, or the Schoellkopf Memorial Building; and a woman student to the use of the women's gymnasium, recreation rooms, and playgrounds, and to the use of a locker.

A graduation fee is required, at least ten days before the degree is to be conferred, of every candidate for a degree. For a first, or baccalaureate degree, the fee is \$10; for an advanced degree it is \$20. The fee will be returned if the degree is not conferred.

Laboratory fees. In courses of study that require work in laboratory, shop, or drafting room, or field work, a fee is charged to cover the cost of material used by the student.

Deposits. In some courses, particularly in Chemistry, the student is required to make in advance, at the office of the Treasurer of the University, a deposit of money to cover the cost of material to be used and of supplies to be consumed by him in the course of the term; accounts are kept and charges are entered against the deposit; at the end of the term any balance remaining is returned to the student.

RULES GOVERNING MINOR DELINQUENCIES

Every student is held personally responsible for any injury done by him to any of the University's property.

Assessments, charged to the student's account and payable at the Treasurer's office, are levied upon the student in certain circumstances, under the following rules of the University:

A student desiring to be reinstated after being dropped from the University for delinquency in scholarship or in conduct shall first pay a fee of \$25.

A matriculated student desiring to register after the close of registration day shall first pay a fee of \$5.

A student desiring to file his registration of studies after the date set by his college for filing the same shall first pay a fee of \$2.

A student desiring to take an examination or other test for the removal of a term condition (including the making up of a mark of "absent" or "incomplete") shall first pay a fee of \$2 for each examination or other test.

A student desiring to make an appointment for the required medical examination or conference after twenty days from the last registration day of the term shall first pay a fee of \$2.

For reasons satisfactory to the proper authority, any of the above-mentioned assessments (except that levied for examination or other test to remove a condition) may be waived in any individual case if the student's failure to comply with the regulation was due to ill health or to any other reason beyond his control.

RESIDENTIAL HALLS

The residential halls for women students are Sage Hall and Prudence Risley Hall. In these buildings the total cost of board, laundry, and rent of furnished rooms, with heat and light, is \$515. The halls are heated by steam and lighted by electricity. The University Dean of Women has jurisdiction over all women students in the University, and women students are not permitted to board and lodge outside of the halls for women except in houses approved by the Dean and subject to her direction. Prospective women students should write to the Dean of Women for information concerning any matters in which they may need assistance. Dormitory facilities for women are inadequate, and prospective students desiring such accommodation are urged to make early application.

The University has six residential halls for men students, situated on the campus and furnishing accommodations for about four hundred and eighty men. There are, also, many private boarding and lodging houses near the university campus. In these the cost of board and furnished room, with heat and light, varies from \$10 to \$15 a week. By the formation of clubs, students are sometimes able to reduce their expenses for room and board. Cafeterias are maintained by the University in Cascadilla Hall and Willard Straight Hall, and by the College of Home Economics in the Home Economics Building, where meals may be obtained at reasonable prices.

Inquiries in regard to board and rooms in the women's halls or rooms in the residential halls for men, should be addressed to the Manager of Residential Halls, Morrill Hall, Ithaca, New York.

Before engaging rooms, students should carefully examine sanitary conditions and should particularly insist on satisfactory and sufficient fire escapes. The University publishes and distributes a list of approved lodging houses for men students. This list is ready for distribution on August 15. New students are advised to come to Ithaca a few days in advance of the beginning of their university duties, in order that they may have ample time to procure room and board before the opening of the academic year. The Freshman Advisory Committee offers its assistance to new students in the selection of lodging and boarding houses.

SCHOLARSHIPS AND PRIZES

THE STATE UNIVERSITY SCHOLARSHIPS

Under Chapter 292 of the Laws of 1913, as amended by Chapter 502, Laws of 1920, and Chapter 714, Laws of 1923, the State of New York maintains scholarships, five of which are awarded each county, annually, for each assembly district therein. Each of these scholarships entitles the holder to \$100 for each year while he is in attendance upon an approved college in this State during a period of four years. These are called the State University Scholarships. At Cornell they are commonly known as the State Cash Scholarships, to distinguish them from the State Tuition Scholarships in this University. They are awarded by the State Commissioner of Education at Albany, to whom application should be made for any information about the conditions of award, or for any information about the rules of administration.

THE UNIVERSITY UNDERGRADUATE SCHOLARSHIPS

Eighteen University Undergraduate Scholarships, each continuing for two years and having an annual value of \$200, are offered each year to members of the incoming freshman class. The award is made on the basis of a special competitive examination held in Ithaca in September, between the period of the entrance examinations and the opening of the University. Every candidate for a University Undergraduate Scholarship must have satisfied in full the entrance requirements of that college of the University which he proposes to enter. See the *General Circular of Information* for the rules under which these scholarships are awarded.

SCHOLARSHIPS FOR NONRESIDENTS

There are available ordinarily, for students in the Colleges of Agriculture and Home Economics, a small number of scholarships carrying free tuition to nonresidents of New York who are especially worthy of aid.

DREYFUS MEMORIAL SCHOLARSHIPS

Two scholarships of annual value of \$600 each have been established by Mrs. Berta E. Dreyfus in memory of her husband, Dr. Louis A. Dreyfus. In their award preference is given first to students coming from the high schools of Richmond County, New York, and next to those from Sandusky County, Ohio. First consideration is given to those specializing in Chemistry, Engineering, or Agriculture, or, in case of women, in Home Economics or Arts and Sciences. Application must be made to the Dean of the University Faculty before the first Wednesday of May.

NEW YORK STATE FEDERATION OF WOMEN'S CLUBS SCHOLARSHIP

The New York State Federation of Women's Clubs has offered for several years a scholarship of \$200 to a student who has given

evidence of scholarship and a desire to serve the interests of home-making in New York State. The scholarship is offered for the year 1927-28.

BRIGDEN HOME BUREAU SCHOLARSHIP

The Brigden Home Bureau Scholarship is founded by the New York State Federation of Home Bureaus and named in honor of Mrs. A. E. Brigden, the first president of the Federation. Application for the scholarship may be made by those registered as undergraduate students in the New York State College of Home Economics or in other colleges giving a course in home economics leading to the degree of bachelor of science, and also by those qualified to do graduate work in home economics. The applicant must signify her intention to become a home demonstration agent in New York State.

HOME ECONOMICS CLUB SCHOLARSHIP

The Home Economics Club Scholarship of \$100 will be awarded in the year 1927-28. The holder of the scholarship is selected on the basis of financial need and of outstanding ability in scholarship and leadership. Applications for the year 1928-29 should be filed in the Secretary's office before May 1, 1928. The holder of the scholarship will be selected by the scholarship committee of the faculty, cooperating with a committee of three seniors appointed by the president of the Home Economics Club and with the approval of the directors of the College. The award for each year will be made before Commencement Day of the preceding year.

THE GRACE SCHERMERHORN SCHOLARSHIP

The Grace Schermerhorn Scholarship of \$100 is to be awarded by the Association of Home Economics Teachers of the New York City Elementary Schools to a graduate of a New York City high school studying at the New York State College of Home Economics and expecting to return to teach in New York City.

OTHER SCHOLARSHIPS

A description of other scholarships open under certain conditions to undergraduates in the Colleges of Agriculture and Home Economics will be found in the *General Circular of Information*.

THE MORGENTHAU FELLOWSHIP

For 1927-28 a graduate fellowship of the amount of \$1000 is provided through the generosity of Mrs. Henry Morgenthau, Sr. The holder is to make a study of the economic opportunities open to women of rural communities and of the types of vocational training needed in relation thereto.

PRIZES

For information concerning prizes offered in the University and open to competition of students in the Colleges of Agriculture and

Home Economics, see the special pamphlet on prizes, which may be obtained upon application to the Secretary of the University.

GRADUATED CREDIT

The passing grades are designated A, B, C, D, and P. In courses taken in the College of Home Economics, students meriting grade C receive normal credit toward graduation; grade B, 10 per cent additional credit; grade A, 20 per cent additional credit; Grade D, credit reduced 10 per cent; and grade P, credit reduced 20 per cent.

INFORMATION CONCERNING COURSES

Regular instruction in the College of Home Economics constitutes a course of four years, or eight terms, leading to the degree of bachelor of science. The information given in this announcement applies mainly to this course. There are separate announcements relating to the special course in Hotel Administration, to the graduate courses, and to the summer school.

Within the regular four-years course there is opportunity for following specialized interests under the guidance of faculty advisers. The required courses and additional recommended courses for various groups are listed in the following pages. Such curricula are outlined for students who are preparing to become teachers of general home economics; teachers of special home-economics subjects, such as foods and nutrition, or clothing; extension workers; dietitians in hospitals and other institutions; or hotel and institution executives. A grouping of courses is also arranged for students in general home economics who do not wish to specialize in any phase of the subject and who do not intend to use this knowledge in professions other than that of homemaking, but who desire some understanding of the principles underlying problems of human welfare.

The special course in the administration of hotels and other institutions having housing and feeding problems is offered with the generous assistance of the American Hotel Association.

THE APPLICATION FOR ADMISSION

Men who are candidates for admission to the regular, or four-years, course must be at least sixteen years of age; women must be at least seventeen years of age. They must have certificates of good moral character; and students from other colleges or universities are required to furnish certificates of honorable dismissal from those institutions. Students are admitted on examination, or on presentation of acceptable school certificates.

Every candidate for matriculation must submit to the Registrar a satisfactory certificate of vaccination against smallpox, not later than August 1 if he is to be admitted in September, or not later than January 1 if he is to be admitted in February. It will be accepted as satisfactory only if it certifies that within the last five years a successful vaccination has been performed or that three unsuccessful attempts at vaccination have been made.

Every candidate for admission to an undergraduate course must deposit twenty-five dollars with the Treasurer, not later than August 1 if he is to be admitted in September, or not later than January 1 if he is to be admitted in February. A check, draft, or order should be payable to Cornell University and should be sent to The Treasurer, Cornell University.

If the candidate matriculates, the deposit will be credited to his account, \$10 for the matriculation fee and \$15 as a guaranty fund, which every undergraduate student is required to maintain and which is to be refunded upon his graduation or permanent withdrawal, less any indebtedness to the University.

If the application is withdrawn before the due date (August 1 or January 1, as the case may be) the deposit will be refunded in full; if it is withdrawn within the month of the due date (August or January) \$10 will be charged to cover accrued expenses and \$15 will be refunded; after that month no refund will be made. If admission is denied a candidate who has complied with all these rules his deposit will be refunded in full at any time.

Candidates for admission must file their credentials and obtain permits for any necessary entrance examinations at the University Registrar's office, Morrill 18. The results of examinations may be ascertained from the Registrar.

ENTRANCE REQUIREMENTS FOR THE FOUR-YEARS COURSE

The subjects that may be offered for admission to the College of Home Economics are named in the following list; the figure in parenthesis following each subject indicates its value in entrance units and shows the maximum and the minimum amount of credit allowed in the subject. A unit represents five recitations a week for one year in a study.

1a. English No. 1	(1½)	7c. Third Year Italian	(1)
1b. English No. 2	(1½)	8a. Ancient History	(½-1)
1c. English (elective)	(1)	8b. Modern History	(½-1)
2a. First Year Greek	(1)	8c. American History, Civics	(½-1)
2b. Second Year Greek	(1)	8d. English History	(½-1)
2c. Third Year Greek	(1)	9a. Elementary Algebra	(1)
3a. First Year Latin	(1)	9b. Intermediate Algebra	(½)
3b. Second Year Latin	(1)	9c. Advanced Algebra	(½)
3c. Third Year Latin	(1)	9d. Plane Geometry	(1)
3d. Fourth Year Latin	(1)	9e. Solid Geometry	(½)
4a. First Year German	(1)	9f. Plane Trigonometry	(½)
4b. Second Year German	(1)	10. Physics	(1)
4c. Third Year German	(1)	11. Chemistry	(1)
4d. Fourth Year German	(1)	12. Physical Geography	(½-1)
5a. First Year French	(1)	13. Biology*	(1)
5b. Second Year French	(1)	14. Botany*	(½-1)
5c. Third Year French	(1)	14a. Zoology*	(½-1)
5d. Fourth Year French	(1)	15. Bookkeeping†	(½-1)
6a. First Year Spanish	(1)	16. Agriculture (including Home	
6b. Second Year Spanish	(1)	Economics)†	(½-4)
6c. Third Year Spanish	(1)	17. Drawing	(½-1)
6d. Fourth Year Spanish	(1)	18. Manual Training	(½-1)
7a. First Year Italian	(1)	19. Any high-school subject or	
7b. Second Year Italian	(1)	subjects not already used. (½-1)	

*If an applicant has counted Biology (1), he may not also offer Botany (½) or Zoology (½).

†An applicant may offer not to exceed four units in vocational subjects under numbers 16, 18, and 19, combined. Bookkeeping may not be offered together with more than one of the subjects listed under 16, 17, and 18.

For admission to the New York State College of Home Economics, an applicant must offer either A or B, as follows:

A. Fifteen units, arranged as follows: English (3), history (1), elementary algebra (1), plane geometry (1), foreign language (3 units in one language or 2 units in each of two), elective (6 or 5). The arrangement of the schedule in college will be facilitated if physics is offered for admission.

B. The New York Academic Diploma in Homemaking with the further provision that either elementary algebra, 1 unit, and plane geometry, 1 unit, or physics, 1 unit, must be included. An applicant entering on this diploma who does not present three units of foreign language, or two units in each of two languages, must elect an equivalent amount of work in the University in one or more of the following subjects: foreign language, English, mathematics, philosophy, psychology, history, economics, political and social science.

SELECTION OF ELIGIBLE CANDIDATES FOR ADMISSION TO THE COLLEGE OF HOME ECONOMICS

Because of lack of facilities it has become necessary to limit the number of students admitted to the College of Home Economics. Information is collected regarding the applicant's scholarship and certain traits of character in order to select from among those who have completed the formal academic requirements the persons likely to profit most by the training offered in the College.

After the student has made formal application for entrance, with the Registrar of the University, on blanks provided by that officer, a Home Economics Application Blank will be received from the Committee on Admission, which should be filled out and returned promptly. The Committee will consider the case and advise the student of its decision, at as early a date as possible.

As the task of getting the necessary evidence is time-consuming and as the eligible list will be filled quickly, all prospective students are advised to make decisions and applications early. August 1 is set as the last day upon which formal application for admission in September may be filed and the last day upon which the \$25 deposit may be accepted.

ADMISSION WITH ADVANCED STANDING

Credit toward a degree for work done in a preparatory school on subjects that may be offered for entrance to the University will be given only to those students who, in addition to satisfying all entrance requirements, pass separate examinations in the subjects for which they seek college credit. These examinations will cover substantially the same ground as the university courses in the subjects. An applicant desiring a college-credit examination of this kind must apply to the Registrar as early as possible, and at least twenty-four hours before the first examination, specifying which fifteen units he

intends to offer in satisfaction of the entrance requirements, and on what other entrance subjects he wishes to be examined for credit. In case he fails to satisfy the entrance requirements in any one or more of the units on which he proposed to enter, but passes the credit examination in any other subject or subjects, he may use the latter toward satisfying entrance requirements, but in that case he cannot also receive college credit for it. The college-credit examinations will be held September 16 to 20, 1927, on the dates set for the entrance examinations in the same subjects.

The maximum amount of credit toward the degree of bachelor of science which is allowed for the work of any one summer session, is eight hours.

A student admitted to the College of Home Economics from another college in Cornell University, or from any other institution of collegiate rank, will be regarded as having completed the number of terms and hours to which his records entitle him, and will receive all the privileges of students who have completed the same number of terms and hours by residence in the College. In order, however to obtain the degree of bachelor of science he must have completed the prescribed subjects in the four-years course and the requisite number of elective hours in home-economics subjects. He must also have been in residence in the College of Home Economics for his last two terms and have completed not less than fifteen hours a term of which two-thirds at least, must be subjects taught by the staff of the College of Home Economics.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF SCIENCE

MILITARY SCIENCE AND TACTICS, AND HYGIENE AND PREVENTIVE MEDICINE

The requirements for the degree of bachelor of science are, for women, prescribed work in the Department of Physical Training and of Hygiene and Preventive Medicine, and the completion of one hundred and twenty hours of required and elective work; and, for men, prescribed work in the Department of Military Science and Tactics and of Hygiene and Preventive Medicine, and the completion of one hundred and twenty hours of required and elective work.

PRACTICE REQUIREMENTS

All students, with the exception of those taking hotel administration, must satisfy the practice requirement in home economics before the beginning of their last year. This requirement is equivalent to six weeks of actual, independent, housekeeping experience. In order to meet this requirement, the student must have a good working knowledge of the care and management of the house and of food preparation.

All students specializing in extension are required to satisfy, in addition to the practice requirement in home economics, the extension-

project requirement, before the beginning of their last year. This requirement is a practice period for extension service in county work, under direction.

All students specializing in hotel administration are required to meet the hotel-practice requirement before the beginning of their last term. To meet this requirement, the student must earn sixty points of hotel-practice credit. Normally, each week of supervised employment is the equivalent of two points credit. For exceptionally good types of experience and excellent reports, excess credit will be given. For poor experience or for poor or tardy reports, credit will be deducted. Not more than 40 points may be earned in any one hotel and not more than 40 points may be earned before matriculation. Ordinarily, practice work for thirty weeks, or three summers, will be necessary to meet the requirement for the degree. Credit for hotel-practice work is given on the basis of reports filed during the period of employment, by the students and by the employers. Therefore, students who expect to be employed in hotel work before entering college and who wish to count the work toward the hotel-practice requirement should apply to the College for registration blanks and instruction sheets.

While the supervised practice is an essential part of the students' course, the College does not guarantee summer positions. Through the courtesy of the American Hotel Association, however, a limited number of desirable openings are available for students of high promise. Other students are assisted in finding work, and, ordinarily, students of reasonable ability should have no trouble in making arrangements.

THE CURRICULA

All students must complete one hundred and twenty hours of required and elective work as outlined in the general curriculum, or in one of the special curricula that follow.

Every home economics student is required to select a course of study which she wishes to follow the next year, and to file a record of such selection in the office of the Secretary of the College of Home Economics by May 1 of each year.

In selecting the course, a student must obtain the approval of a faculty adviser, preferably in the department in which the student expects to specialize. All students who are preparing for teaching are required to consult the Department of Rural Education as well as their faculty adviser before filing their term schedules.

Students who do not present physics for entrance are required to take physics.

Students must attain a grade of B in all courses in the Departments of Textiles and Clothing and Household Art during their freshman and sophomore years, to be permitted to specialize in clothing; and in the Department of Foods and Nutrition to be permitted to specialize in foods. Students who transfer from other colleges must meet

this requirement. Permission to specialize will be determined by the heads of the departments concerned, in consultation with the student.

A student must register for at least twelve hours each term, and no new student may register for more than eighteen hours.

Regular students may take, at their discretion, during their four years, not to exceed twenty hours of elective subjects in courses offered in other colleges than Home Economics and Agriculture; but such elective subjects shall not interfere with required or back work. Special students must take at least two-thirds of the entire work of each year from the home-economics and agricultural subjects described on the following pages.

Those required courses which are given in other colleges than Home Economics are described on pages 31-35.

DIVISIONS OF INSTRUCTION

WITH DESCRIPTION OF COURSES

The first term begins with the opening of the college year, in September. The second term begins in February. (See calendar, page 2.)

Unless otherwise noted, all courses are given in the building of the College of Home Economics.

Orientation. First term. Credit one hour. Required of all freshmen in home economics. Advised for all entering students. Lectures, T Th 10. Roberts Assembly, Home Economics Building 245, and Caldwell 100. Members of the staff of the Colleges of Agriculture and Home Economics.

This course aims to help the student find himself in the environment of the College and of the University.

FOODS AND NUTRITION

1. Foods, Introductory Course. First or second term. Credit one or three hours. One hour credit by arrangement with the head of the Department of Foods and Nutrition. This course or its equivalent is required of all home-economics students, and should be taken in the freshman year. First term: lectures and discussions, M W 8, Room 245; practice, T or W 2-4, one section, or W or F 11-1, one section, Room 270. Second term: lectures and discussions, M W 8, Room 245; practice, M 11-1, one section, W 2-4, one section, Room 270. Misses KIMBALL and CALLAN.

This constitutes the introductory course in food selection and preparation. Food selection is emphasized from the dietetic standpoint; food preparation is emphasized from the standpoint of principles underlying the processes of cooking. The laboratory problems combine food selection, and preparation and serving of simple breakfasts, luncheons, and dinners. Laboratory fee, \$10.

2. Foods, Experimental Course in the Science of Cookery. First and second terms. Credit five hours a term. Open to freshmen and sophomores. Limited to sixteen students. Lectures, M W F 9. Laboratory: first term, T Th 8-10; second term; T Th 2-4. Room 200. Assistant Professor NASON and Miss NEWCOMER.

Laboratory fee, \$20 a term.

3. Foods, General Course. First or second term. Credit five hours a term. First term primarily for juniors and seniors; second term for sophomores only. Must be preceded or accompanied by organic chemistry. First term: lectures, M W F 11, Room 245; practice, M W 2-4.30, one section, Room 200; T Th 2-4.30, one section, Room 200. Second term: lectures, M W F 11, Room 245; practice, M W 2-4.30, one section, Room 200; T Th 10.30-1, one section, Room 200; M F 2-4.30, one section, Room 270. Assistant Professors NASON and FENTON and Miss SIMPSON.

The lectures in this course include the presentation of the composition of food stuffs and the fundamental principles of cookery. The laboratory practice consists in a study of food preparation. The course is intended to establish a fundamental knowledge of foods and their preparation as based on the present conception of the physical and chemical reactions involved. Laboratory fee, \$18.

15. Food Preparation. First or second term. Credit two hours. Required of students registering in hotel administration. First term: practice, T Th 11-1, one section, Room 270; T Th 8-10, one section, Room 270. Second term: W F 11-1, one section, Room 270. Miss KIMBALL.

This course acquaints the student with the underlying principles of the various ways of cooking typical foods. Detailed attention is given to manipulation and to economy in the use of time and of materials. Standards in preparation and serving are emphasized. Laboratory fee, \$14.

16. Food Preparation. Second term. Credit two hours. Required of students registering in hotel administration. Prerequisite, Foods 15. Practice: T Th 8-10.30, one section, T Th 10.30-1, one section, Room 270. Miss KIMBALL.

This course is a continuation of course 15. Laboratory fee, \$14.

17. Advanced Food Preparation. First or second term. (Not given second term 1927-28.) Credit three hours. Required of students registering in hotel administration. Prerequisite, Foods 15 and 16, or their equivalents. Lecture, M 11, Room 100. Practice T Th 10.30-1, one section, Room 205; F 2-4.30, S 8-10.30, one section, Room 270. Assistant Professor BOYS.

This course gives the student a more extensive knowledge of the preparation of foods. Attention will be given particularly to those foods usually served in hotels and in high-class restaurants. Laboratory fee, \$18.

18. Food Selection from the Dietetic Standpoint. First or second term. Credit one hour. Elementary course. Required of students in hotel management. Lecture, S 10, Room 100. Miss CALLAN.

[35. Dietetics, Survey Course. First term. Credit two hours. Designed primarily for students in other colleges. Professor HENRY.] Not given in 1927-28.

A course designed to give the student a practical knowledge of the application of nutrition principles to the feeding of individuals and groups of varying ages and conditions of health.

[36. Dietetics, Survey Laboratory Course. First term. Credit one hour. Prerequisite, Foods 1 or its equivalent. Must be accompanied by Foods 35. Professor HENRY.] Not given in 1927-28.

Laboratory fee, \$7.

[105. Food Preparation, Survey Course. First or second term. Credit three hours. Designed especially for students in other colleges. Assistant Professor BOYS.] Not given in 1927-28.

A general survey of the history and development of cookery, with laboratory practice in the preparation and serving of the different types of food. Laboratory fee, \$14.

109. Food Preparation, Advanced Course. First or second term. (Not given second term 1927-28). Credit three hours. Open to juniors and seniors. Prerequisite, Foods 3. Lecture, M 10, Room 100. First term: practice, M W 2-4.30, one section, Room 205; T Th 2-4.30, one section, Room 205. Assistant Professor BOYS.

This course gives the student an understanding of the history and development of methods of cookery, with a brief survey of the food habits of those nationalities represented in this country. Practice and demonstrations are given to develop appreciation of the variety of methods of food preparation. Laboratory fee, \$15.

122. Nutrition and Dietetics. First or second term. Credit five hours. Should be taken in the junior year. All except those who are preparing for teaching should take the course the first term. Prerequisite, Foods 3 and Chemistry 375; prerequisite or parallel, Biochemistry 314. Lectures and discussions, T Th 9, Room 100. First term: practice, T Th 10.30-1, one section, Room 200; W F 8-10.30, two sections, Rooms 200 and 205. Second term: practice, T Th 10.30-1, one section, Room 205; M W 2-4.30, one section, Room 205. Discussion period by appointment. Professor HENRY and Miss SIMPSON.

This course aims to give the student a thorough knowledge of the value of the different food groups, of how to include these foods in order to make adequate diets; a study of quantitative standards of certain foodstuffs, with practical methods of measuring them in the diet; normal digestion; principles determining methods of feeding in certain common digestive disorders; the economical expenditure of money for food. Laboratory fee, \$10.

124. Diet in Relation to the Treatment of Disease. First term. Credit three hours. Open to seniors and graduate students. Limited to twenty students. Required of those specializing in hospital dietetics. Prerequisite, Foods 122. Laboratory and discussion period, M W 11-1, Room 200. Professor HENRY.

This course consists of a study of diet in those diseases in which choice of food is an important factor of treatment. Laboratory fee, \$14.

131. Nutrition of Children. First or second term. Credit one or two hours. Open to seniors and graduate students; not open to juniors except by special permission of the head of the department. Two hours required of teachers; one hour required of all students. Prerequisite, Foods 122. Conference period, M 2-4, Room 245. Practice: Infant Feeding, Th 2-4.30, one section; School Feeding, W 2-4.30, one section; Pre-School Feeding, M W 10.30-1, one section, T Th 10.30-1, one section. Infant feeding section limited to twelve students. Pre-School section limited to four in each section of five weeks each, six sections in a term. Professor MONSCH.

This course will give special consideration to the feeding of infants and children in health and in disease. For those preparing to teach, special laboratories will be planned with the children in the public schools, and opportunity for home visiting and for work with pre-school children will be arranged for all. Laboratory fee, \$2.

222. Food and Nutrition, Advanced Course. First term. Credit two hours. Primarily for graduate students, but open to seniors with the permission of the instructor. Lectures, W F 8, Room 400. Professor SPOHN.

A critical study of recent advances in foods and nutrition. The purpose of the course is to acquaint students with the methods and results of recent investigations in the field.

223. Laboratory Methods in Food and Nutrition. First term. Credit five hours. For graduate students with training satisfactory to the instructor. Limited to ten students. Lecture, Th 11. Room 245. Laboratory work at least ten hours. Hours to be arranged. East Laboratory, Fourth Floor. Professor SPOHN.

An introduction to methods of investigation in foods and nutrition. Opportunity is offered for the study of methods used in feeding experiments with small animals. Laboratory fee, \$20.

224. Human Calorimetry. Second term. Credit two hours. Primarily for graduate students but open to seniors with the permission of the instructor. Lecture, T 8, Room 400. Laboratory, hours to be arranged. Room 410. Class limited to six students. Professor SPOHN.

The laboratory work in this course will consist of energy metabolism determinations using the Benedict portable respiration apparatus. Laboratory fee, \$5.

229. Research in Food and Nutrition. Throughout the year. For graduate students with training satisfactory to the instructor. Hours to be arranged. Professor SPOHN and Assistant Professor NASON.

This course offers opportunity for individual research in animal nutrition, human nutrition and metabolism, food chemistry, and chemical changes taking place in the process of food preparation. Laboratory fee, \$25.

230. Seminary in Nutrition. First term. Credit two hours. Required of graduate students specializing in Nutrition. Th 4-6. Room 100. Professor SPOHN.

231. Seminary in Foods. Second term. Credit two hours. Required of graduate students specializing in Foods. Hours to be arranged. Assistant Professor NASON.

TEXTILES AND CLOTHING

3. Clothing Selection: Color and Design. First or second term. Credit three hours. Required of all students in home economics. Prerequisite or parallel, Household Art 1. Clothing 5 must be taken the following term. First term: lecture, M 10, Room 245; practice, M F 2-4, one section, Room 300; T Th 2-4, one section, Room 300; W F 8-10, one section, Room 300; Th S 8-10, one section, Room 300. Second term: lecture, M 10, Room 100; practice, M W 2-4, one section, Room 300; T Th 2-4, one section, Room 300; W F 8-10, one section, Room 300; W F 11-1, one section, Room 305. Professor BLACKMORE, Mrs. BETTEN, and Miss HILLHOUSE.

Selection and design of clothing are taught through the use of the commercial pattern. Analyses of ready-made garments and of fashion sketches are made to teach the student to adapt current designs to her own needs, and to help her to buy ready-made clothes. Color harmony is developed through the use of texture combinations, and discussions of the influencing factors in the students' personal color needs. This is worked out by means of constructing two dresses and one other garment. Garments are worn for criticism without final finishing. Students provide all materials, subject to the approval of the instructor. Estimated cost of the materials, \$10. Laboratory fee, \$5.

5. Clothing Selection: Textiles and Construction. Second term freshman year or first term sophomore year. Credit one or three hours; one hour credit by arrangement. Required of all students in home economics. To be immediately preceded by Clothing 3. First term: lecture, M 9, Roberts 392; practice, T Th 11-1, two sections, Rooms 300 and 305; T Th 8-10, one section, Room 300. Second term: lecture, M 12, Caldwell 143; practice, T Th 8-10, one section, Room 300; T Th 10.30-1, two sections, Rooms 300 and 305; F 2-4.30, S 8-10.30, one section, Room 305. Assistant Professors SCOTT and WEISS, Mrs. BETTEN, and Miss HILLHOUSE.

This course emphasizes the selection and the construction of clothing and the economical and appropriate selection of textiles. Each garment constructed is studied with reference to its cost, appropriateness, and place in the wardrobe. Laboratory practice includes hand and machine sewing suitable to the garments constructed. Fitted muslin foundation patterns and commercial patterns are used in designing and cutting garments. Students provide all dress materials, subject to the approval of the instructors. Estimated cost of materials, from \$15 to \$25. Laboratory fee, \$5.

[8. Dressmaking, Survey Course. First term. Credit three hours. ———.] Not given in 1927-28.

This course is adapted to meet the needs of students in other colleges who desire a general knowledge of clothing selection and design. Laboratory practice includes machine sewing, the use of commercial patterns, and the modeling of patterns. Students provide all dress materials, subject to the approval of the instructor. Estimated cost of dress materials, from \$15 to \$25. Laboratory fee, \$5.

10. Constructive Costume Design. First or second term. Credit three hours. Should be taken in the sophomore year. Prerequisite, Clothing 3 and 5, and Household Art 1. Prerequisite or parallel course, Household Art 11. First term: lecture, T 11, Room 100; practice T Th 8-10.30, one section, Room 305; T Th 2-4.30, one section, Room 305. Second term: lecture, F 9, Room 100; practice, M W 8-10.30, one section, Room 300; T Th 8-10.30, one section, Room 305; T Th 2-4.30, one section, Room 305. Professor BLACKMORE, Assistant Professor SCOTT, and Miss HILLHOUSE.

This course applies the principles of color and design to the modeling of clothing. Preliminary sketches are made in pencil and in water color and are carried out by means of modeling on the dress form. A comparative study is made of books and publications dealing with design, with a view to evaluating them as a means of enriching the background of the clothing teacher. Students provide all materials, subject to the approval of the instructors. Estimated cost of materials, \$10. Laboratory fee, \$5.

20. Millinery. First or second term. Credit three hours. Required for general teachers. Should be taken during the second term of the sophomore year or during the junior year. Prerequisite, Clothing 3 and 5, or their equivalent, and Household Art 1. First term: practice, M W F 2-4.30, one section; T Th 2-4.30, S 8-10.30, one section, Room 310. Second term: practice, M W F 10.30-1, one section; M W F 2-4.30, one section, Room 310. Assistant Professor WEISS.

This course develops the fundamental processes in millinery construction. The course includes design in elastic net, paper, willow, and wire. Opportunity is given for practice in the various methods of covering frames and adapting trimming to the completed model. Emphasis is placed on the selection of hats from

the standpoint of suitability and becomingness to the wearer. Students provide all hat materials, subject to the approval of the instructor. Estimated cost of materials, from \$10 to \$20. Laboratory fee, \$5.

51. Hotel Textiles. First or second term. Credit two hours. Required of students in hotel administration. First term: lecture, M 10, Room 310; practice, W 10-12, Room 300. Second term: lecture, M 11, Room 300; practice, W 11-1, Room 300. Professor BLACKMORE.

This course includes an intensive study of fabrics used in hotels. A brief study will be made of their selection, use, and distribution in hotels. Estimated cost of materials, \$3. Laboratory fee, \$5.

103. Principles and Practice in Clothing Construction and Design and in Textile Selection; Shop Practice. First and second terms. Credit four hours a term. Should be taken by juniors. Required of teachers and extension students. Prerequisite, Clothing 3, 5, and 10, and Household Art 1 and 11. First term: lecture, M 11, Caldwell 100; practice, M W F 2-4.30, one section, Room 305; M W F 8-10.30, one section, Room 305. Second term: lecture, M 12, Room 100; practice, M W F 8-10.30, one section, Room 305; M W F 2-4.30, one section, Room 305. Professor BLACKMORE, Assistant Professor SCOTT, Mrs. McILROY, and Miss BROOKINS.

The application of design to dressmaking and the technique of costume construction are emphasized. Problems are presented from the standpoint of the organization of subject matter for teaching purposes. Laboratory practice includes the construction of garments, the carrying-on of projects, and the making of a dress for a high-school student. The lectures include discussions on dress design, applied design in dress decoration and textiles, and a study of objective tests in the clothing side of home economics. Students provide all materials, except those used for garments for high-school students, subject to the approval of the instructors. One laboratory period each week is spent in the Costume Shop. Laboratory fee, \$5 a term.

110. Clothing for Children. First term. Credit two hours. Prerequisite, Clothing 3 and 5, and Household Art 1. Practice, M W 10.30-1, Room 305. Assistant Professor SCOTT.

This course is planned to assist the student in the application of design and construction of clothing for children. Emphasis is placed upon the selection of garments from the standpoint of health, simplicity, and becomingness. Designs are studied for children of various ages. Laboratory practice includes the construction of garments, the use of commercial patterns, and designing from foundation patterns. A problem in renovation is included in the construction of garments. Estimated cost, \$5. Laboratory fee, \$2.

115. Commercial Clothing Construction. First or second term. Credit three, four, or five hours. Not less than three hours may be taken by students registering in this course for the first time. Prerequisite, Clothing 3, 5, 10, and 103, and Household Art 1 and 11. Conference hour, Th 12. Laboratory practice, by arrangement at time of registration. Costume Shop. Mrs. McILROY and Miss BROOKINS.

Students are directed by instructors experienced in commercial work. Dress-making problems in designing, construction, fitting, and finishing are considered. A shop with paid workers is maintained, and the students are given experience in meeting customers, in shopping, and in shop organization. Students specializing in clothing will be given an opportunity to make a trip to New York City, to visit shops and openings, the second week in March, if six students register for the trip. Probable cost of trip, from \$50 to \$75. Laboratory fee, \$1 for each credit hour taken.

[151. Household and Institution Textiles. First term. Credit two hours. Required of students in institution management. Professor BLACKMORE.] Not given in 1927-28.

This course includes an intensive study of the selection, use, care, and distribution of textiles used in typical institutions. Estimated cost of materials, \$3. Laboratory fee, \$4.

[155. **Textiles.** First or second term. Credit two hours. Should be taken in the junior or senior year by students especially interested in clothing. Prerequisite, Clothing 3 and 5. Professor BLACKMORE.] Not given in 1927-28.

This course includes problems in shopping for materials; and intensive study of fabrics with a view to their appropriateness in clothing; a study of ready-made clothing; fabrics used in home furnishing; chemical and physical testing of fabrics. A study is made of the history of the processes of manufacture of fabrics and of the textile industry as affected by economic conditions. Estimated cost of materials, from \$3 to \$5. Laboratory fee, \$3.

[175. **Clothing Costs.** First or second term. Credit two hours. Should be taken by juniors or seniors the second term. Prerequisite, Economics 1, or Household Management 140, and the first term of Textiles and Clothing 103, or its equivalent. Miss———.] Not given in 1927-28.

This course deals with a study of clothing costs for different family and occupational groups. Data are assembled on clothing costs. Studies are made of comparative costs of ready-made garments and garments produced by other means, with a view of evaluating clothing expenditures. Laboratory fee, \$3.

[190. **Merchandise Selection.** First or second term. Credit two hours. Prerequisite, Textiles and Clothing 103. Miss———.] Not given in 1927-28.

This course emphasizes the underlying principles of color and design with reference to the selection of textile merchandise. Training is given in the judgment of merchandise through comparison shopping. The methods of collecting merchandise information are discussed. A study will be made of the methods of giving merchandise information in stores and of training salespeople in the appreciation of merchandise. Estimated cost of materials, \$5. Laboratory fee, \$5.

HOUSEHOLD ART

I. **Color and Design.** First or second term. Credit three hours. Should be taken in the freshman year. Required of all students in home economics. First term; lecture, W 10, Rooms 415 and 400; practice, T Th 2-4, one section, Room 415; W F 8-10, one section, Room 415; Th S 8-10, one section, Room 400; W F 11-1, two sections, Rooms 415 and 400. Second term; lecture, W 10, Rooms 415 and 400; practice, T Th 2-4, one section, Room 415; W F 8-10, one section, Room 415; Th S 8-10, one section, Room 400; W F 11-1, one section, Room 415. Assistant Professor ERWAY and Acting Assistant Professor BARNARD.

A course intended to give the student an understanding of the elementary principles of color and design. The work includes experiments with water colors, dyes, and fabrics. Practical applications are made to problems in everyday life. Estimated cost of material, from \$7 to \$10. Laboratory fee, \$5.

II. **Clothing Design.** First or second term. Credit two hours. Should be taken in the sophomore year. Required for general and clothing teachers. Prerequisite, Clothing 3 and 5, and Household Art 1. First term; practice, M W 2-4.30, one section, Room 415; F 2-4.30, S 8-10.30, one section, Room 415. Second term; practice, T Th 8-10.30, one section, Room 415; F 2-4.30, S 8-10.30, one section, Room 415. Assistant Professor ERWAY.

A course dealing with color and design as applied to clothing. Laboratory fee, \$5.

[25. **House Planning.** First or second term. Credit two hours. Elective for sophomores. Registration limited to forty-five students. Professor———]. Not given in 1927-28.

A study of the arrangement of dwellings from the standpoint of economy, convenience, and design. Laboratory fee, \$1.

31. **Home Decoration and Furnishing.** First or second term. (Not given second term 1927-28.) Credit three hours. Required for teachers. Should be taken in the junior year. Prerequisite, Household Art 1. First term; lecture, W 9, Room 245; practice, T Th 8-10.30, one section; T Th 10.30-1, one section, Room 415. Second term; lecture W 9, Room 245; practice, M W 2-4.30, one section; T Th 10.30-1, one section; Room 415. Professor WARNER.

A course dealing primarily with the decoration and furnishing of the house. The object of the work is to develop good judgment and taste in the selection and arrangement of house furnishing, to the end that students may learn to express themselves in their environment. Laboratory fee, \$5.

35. Decoration and Furnishing. First term. Credit three hours. Open to students registering in hotel administration. Should be taken in the junior year. Prerequisite, Drawing 2. Hours to be arranged. Professor WARNER.

A course dealing with the essentials of decoration and furnishing applied to problems in the hotel industry. In connection with this course a trip to Syracuse or other near-by cities will be required of every member of the class. Laboratory fee, \$5.

111. Advanced Design. Second term. Credit two hours. Not offered for less than eight students. Should be taken in the senior year. Prerequisite, Household Art 1 and 31. Practice, to be arranged. Room 415. Assistant Professor ERWAY.

This course is open to students who have talent or a special inclination to continue the work in design. The nature of the problems will be determined by the needs of the students and by the possibilities for practical application that may develop. Laboratory fee, \$5.

HOUSEHOLD MANAGEMENT

12. Mechanics of the Home. First or second term. Credit two hours. Prerequisite, one term of college chemistry and either high school or college physics. Required of all students in home economics. Should be taken in the freshman or sophomore year. Lecture, S 10, Room 245. Practice: first term, T W or Th 2-4.30, Room 400; second term, T W Th or F 2-4.30, Room 400. Acting Assistant Professor ROBINSON.

This course includes a study of household equipment from the standpoints of its selection, use, and care. Laboratory fee, \$3.

120. Problems in Home Management. First or second term. Credit two hours. Prerequisite, Economics 1. Required of seniors in home economics. Lectures, T Th 10, Room 100. Acting Assistant Professor ROBINSON.

A study is made of the needs of the family which must be considered in the management of the home. With these needs in view consideration is given to the arrangement of the service rooms, location of equipment, scheduling of time, time and motion studies, economic comparisons of different methods.

126. House Practice, Laboratory Course. First or second term. Credit three hours. Required of all seniors in home economics, except those in hotel management. Practice consists of five consecutive weeks in the practice house, time to be arranged. Should be taken by prospective teachers, together with Clothing 115, Household Management 120, and Rural Education 136. Should not be taken with Institution Management 101 or 111. Assistant Professor FENTON and Miss CALLAN.

This course furnishes an opportunity for the student to test her ability to apply theoretical knowledge in solving household problems and to receive instruction in infant care and feeding. Laboratory fee, \$30, including room and board for five weeks in the practice house.

130. Distribution of Family Income and Expenditure in the United States. First and second terms. Credit two hours a term. Prerequisite, Economics 1. Required of seniors in home economics. Lectures: T Th 9, Room 245; W F 11, Room 100; and T Th 12, Room 245. Assistant Professor LACEY.

A study of economic problems in their relation to the home; source and division of the income; standards of living and their economic implications; personal and household budgets; savings and their use.

140. The Place of the Household in the Economic Organization of Society. First and second terms. Credit three hours a term. Open to juniors. Limited to twenty-five students. Lectures: first term, T Th 8, Room 100, S 8, Room 245; second term, W F 9-10.30, East Roberts 232. Assistant Professor LACEY.

Interrelationships between the economic activities carried on outside the household and those centered within the household. Laboratory fee, \$2.50 a term.

Household Bacteriology. See Bacteriology 2.

Household Mechanics. See Rural Engineering 10.

250. Seminar in the Economic Problems of the Consumer. Throughout the year. For graduate students and approved seniors. Credit three hours a term. Hours to be arranged. Assistant Professor LACEY.

Special work in economic problems as they affect the home.

INSTITUTION MANAGEMENT

101. Institution Practice. First or second term. Credit three hours. Required of all students specializing in institution management or dietetics. Should be taken in the junior year, but may be taken in the senior year. Should not be taken with Household Management 126. Class limited to sixteen students, two divisions of eight each. Lecture and discussion, S 8, Room 100. Practice, M W F 11.30-1.30, T Th S 11.30-1.30. Cafeteria. First term: Miss HARRIS. Second term: Miss FESSENDEN.

Discussion of types of institutions, menus, service, and office. Practice work in counter service and supply, office and storeroom work.

102. Institution Management. Second term. Credit two hours. Open to seniors in home economics. Required of all students specializing in institution management or in dietetics. Lectures and discussions, M S 9, Room 100. Miss HARRIS.

A study of management problems such as organization, labor, the physical plant, equipment, and administration.

The class will be given an opportunity to take a trip to New York City in the spring term, to visit markets, kitchens, and institutions. Probable cost of trip, \$75.

111. Marketing and Large-Quantity Cookery. First or second term. Credit five hours. Open to juniors and seniors in home economics. Class limited to fourteen students. Required of all students specializing in institution management or dietetics. Lecture and discussion, first term: M 8-10, Room 100; second term: M 8, Room 100, and M 10, Room 245. Practice, W F 8-12, Cafeteria. Miss FESSENDEN.

Laboratory work in large-quantity cooking. A study of marketing and buying in large quantities; the principles underlying the purchase of foods; production, grading, and distribution of various classes of foods; methods of purchase and of storage. Laboratory fee, \$15.

115. Marketing and Hotel Cookery. First or second term. Credit four hours. Required of juniors in hotel administration. Registration limited to fourteen students. Lecture and discussion, S 10, first term, Caldwell 100; second term, Roberts 292. Practice, T Th 8-12. Cafeteria. Miss HARRIS.

Laboratory work in large-quantity cooking; a study of marketing and buying in large quantities; the principles underlying the purchase of foods; production, grading, and distribution of various classes of foods; methods of purchase and storage. Laboratory fee, \$15.

[118. Hotel Stewarding. Second term. Credit one hour. Open to juniors and seniors. Hour to be arranged. Mr.—.] Not given in 1927-28.

151. Hotel Organization. First term. Credit three hours. Prerequisite, Marketing 121 and 122, Economics 1 or 2a and 2b, and hotel experience. Open to juniors and seniors. Required of students in hotel administration. Lectures and discussions, M F 9, Room 245; W, 9, Room 100. Professor MEEK.

A study of the usual forms of organization of hotel staffs, paralleled with a study of the fundamental principles of efficient organization in general. A course designed to develop administrative technique through the analysis of actual organizations.

In connection with this course a trip to New York City will be organized to attend the meetings of the New York State Hotel Association, to attend the

National Hotel Exposition, and to make a tour of metropolitan hotels. Attendance on all the assigned meetings and tours of this trip will be required of every member of the class. The necessary expenses in connection with the trip will probably be about \$60.

152. Hotel Operation. Second term. Credit three hours. Prerequisite, Marketing 121 and 122, Economics 1 or 2a and 2b, and hotel experience. Open to juniors and seniors, and to sophomores by permission of the instructor. Required of students in hotel administration. Lectures and discussions, M F 9, Room 245; W 9, Room 100. Professor MEEK.

A study of the more important and fundamental problems of hotel operation, including among others the problems of location, rates, appraisal, finance, and advertising. A course designed to familiarize the student with these problems and their current solutions, and to develop the ability to solve similar problems in the light of general principles. Analyses of concrete hotel situations will be made for the purpose of determining operating policies.

153. Special Hotel Problems. First term. Credit two hours. Prerequisite, Institution Management 151 and 152. Open to a limited number of students in hotel administration. Those wishing to register should consult the instructor during the preceding semester to obtain permission to enroll and to confer regarding problems chosen for special study. Hours to be arranged. Professor MEEK.

A seminar course devoted to the study of special problems arising in the management of hotels.

155. Lectures on Hotel Management. Second term. Credit one hour or two hours. Open to all classes. Lecture, F 2. Room 245. A series of lectures given by nonresident speakers prominent in the hotel and allied fields. Each lecture will be followed by a discussion period open only to sophomores, juniors, and seniors in Hotel Administration. Attendance on the discussion periods will be required of those registering for two hours. Under direction of Professor MEEK.

171. The Law as Related to Innkeeping. Second term. Credit four hours. Open to juniors and seniors. Required of students in hotel administration. Lectures, T Th 2-4.30. Room 100. Assistant Professor———.

[176. Personnel Management. Second term. Credit two hours. Open to juniors and seniors. Lectures on alternate weeks. Mr.———. Discussion periods on alternate weeks. Assistant Professor BROWNELL.] Not given in 1927-28.

A course designed to acquaint the student with modern personnel practice and to give a basis of evaluating current hotel personnel practice.

181. Hotel Accounting. First term. Credit two hours. Prerequisite, Marketing 121 and 122. Required of juniors in hotel administration. Lecture, F 2. Practice, F 3-5.30. Room 400. Mr.———.

182. Advanced Hotel Accounting. First term. Credit two hours. Prerequisite, Institution Management 181. Required of seniors in hotel administration. Lecture, F 9. Practice, F 10-12. Mr. TOTH.

183. The Interpretation of Financial Statements. First term. Credit two hours. Prerequisite, Institution Management 181. Lecture, F 2. Practice, F 3-5. Room 245. Mr. TOTH.

FAMILY LIFE

111. The Family. Second term. Credit two hours. For seniors, and others by permission. Lectures, T Th 11, Room 100. Professor VAN RENSSLAER.

This course embraces a study of modern social and economic problems of the family. It treats of survivals of various characteristics governing family life; the work of women and their industrial and economic conditions are studied with reference to the home and to society.

101. Elementary Child Training. First or second term. Credit two or three hours. Prerequisite, Rural Education 111 and 116. Open to seniors and graduate students. Lectures, T Th 8. Room 245. Laboratory hours to be arranged. Nursery School. Professor WARING.

The lectures and practice cover the management of young children. Laboratory practice consists in observation of and practice with young children at play and at work under conditions especially adapted to meet the needs of normal childhood. Laboratory fee, \$5.

105. Advanced Problems in Child Training. Second term. Credit two hours. Open to qualified seniors and graduate students. Prerequisite, Rural Education 111 and 116, and Family Life 101. Lecture, W 4-6, Seminar Room, Nursery School. Professor WARING.

125. Child Hygiene. First term. Credit two hours. Open to seniors. Lectures, T Th 10, Nursery School. Dr. BULL.

This course is designed to give the student a fundamental knowledge of the characteristics of the healthy child, of the factors making for positive health; of the common diseases, physical defects, and disturbances which should have medical attention; and of the relation of child health and hygiene to the other trends making for better children.

EXTENSION

100. Home Economics Extension. First and second terms. Credit three hours a term. Open to seniors. Lecture, W 12. Room 100; practice, W F 2-4.30, Room 100. Assistant Professor MORTON.

This course is designed for those who wish to specialize in the extension field of home economics. It includes the study of home-economics extension from the standpoint of administration, organization, and subject matter.

SPECIAL PROBLEMS

150. Special Problems. First and second terms. Credit and hours by arrangement. Open to seniors and graduate students in home economics, and to other qualified students by special consent. Prerequisite, a fundamental knowledge of home economics. Instruction by members of the staff.

A course intended for the development of the individual student in particular lines of work. It includes not only the acquisition and discussion of subject matter, but also consideration of the logical organization of subject matter by teachers and extension workers, and the proper presentation of findings by research workers. Fee determined by the problems.

EXTENSION WORK

Extension work in home economics at the New York State College of Home Economics is designed to help residents of New York State in their home problems and is done in cooperation with the county home bureaus, working through a county home demonstration agent. The College offers correspondence service relative to homemaking subjects, as well as a limited number of addresses given by members of the resident and extension staffs of the College of Home Economics. For further information, address the State Leader of Home Economics Extension, New York State College of Home Economics, Ithaca, New York.

SUMMER SCHOOL

Courses in home economics are offered in the six-weeks summer session, beginning early in July. For information concerning the summer courses, address the Secretary of the New York State Colleges of Agriculture and Home Economics, Ithaca, New York.

COURSES IN OTHER COLLEGES WHICH MEET THE SPECIFIC REQUIREMENTS OF REGULAR STUDENTS IN THE COLLEGE OF HOME ECONOMICS*

121. Agricultural Economics: Accounting. First term. Credit three hours. Not open to freshmen. Lectures T Th 9. Laboratory, T Th 2-4.30, Farm Management Building 102. Professor HOLMES. Laboratory fee, \$1.

*Descriptions of these courses may be found in the catalogues of the Colleges in which they are given.

122. Agricultural Economics: Accounting. Second term. Credit three hours. Prerequisite, Accounting 121. Not open to freshmen. Lectures, T Th S 9. Farm Management Building 102. Professor HOLMES. Laboratory fee, \$1.

125. Agricultural Economics: Business Management. Second term. Credit three hours. Prerequisite, Economics 1, Accounting 121, or equivalents. Lectures, M W F 9, Farm Management Building 102. Professor HOLMES. Laboratory fee, \$1.

20. Animal Husbandry: Meat and Meat Products. First or second term. Credit three hours. Registration limited to forty students. Laboratory assignment must be made at the time of registration. Lecture, M 8. Two laboratory periods a week, M T or W 2-4.30, and W 8-10.30 or S 8-10.30. Animal Husbandry Building and Meat Laboratory. Mr. SCHUTT.

One required inspection trip to Buffalo and vicinity.

2. Bacteriology: Elementary Bacteriology. Second term. Credit three hours. Prerequisite, Chemistry 101. Lectures, recitations, laboratory, and practice, M W 2-5 or T Th 2-5, Dairy Building 119 and 301. Mr. and Mrs. STARK. A general elementary course adapted to the needs of students in home economics. Laboratory fee, \$10.

3. Bacteriology: Elementary Bacteriology. Second term. Credit two hours. Prerequisite, Biology 1 and Chemistry 101 and 880. Not accepted as a prerequisite for advanced courses. Lectures, M W F 10. Dairy Building 119. Professor SHERMAN.

1. General Biology. Throughout the year. Credit three hours a term. First term prerequisite to second. Not open to students who have had college courses in zoology and botany. Lectures, M W 9 or 11. East Roberts 222. One practice period a week, T F 8-10.30 or daily except Saturday, 2-4.30; Roberts 302. Professor CLAASSEN, Mr. CUTLER, and assistants.

Students must report to the Biology office, Roberts 322, for assignment to laboratory sections. Laboratory fee, \$3.50 a term.

1. Introductory Zoology. First and second terms. Credit three hours a term. Two lectures and one laboratory period weekly. Lectures: section 1, T Th 9; section 2, T Th 11. Goldwin Smith B. Laboratory, M T W or F 2-4.30, or S 8-10.30. McGraw 2. Professor REED, Assistant Professor YOUNG, and Misses MEKEEL, McMULLEN, and PHELPS.

Registration with the department before instruction begins is necessary for the assignment of laboratory and lecture sections.

303. Biology: Elementary Human Physiology. Repeated in second term. Credit three hours. First term: M W F 10; second term: section A, M W F 10; section B, M W F 12. Number limited to the capacity of the lecture room. Stimson 4. Assistant Professor LIDDELL, Dr. DYE, Mr. MAUGHAN, and assistants.

314. Biology: Elementary Biochemistry. First term. Credit three hours. Prerequisite, Chemistry 375 or the equivalent. Lectures, M W 12. Conferences, F 12. Stimson 4. Assistant Professor SUMNER and Dr. GURCHAT.

314a. Biology: Laboratory Work in Biochemistry. First term. Credit two hours. Prerequisite or parallel, Animal Biology 314. M W 2-5. Stimson 34. Assistant Professor SUMNER and Dr. GRAHAM.

1. Botany: General Botany. Throughout the year. Credit three hours a term. Lectures, T Th 9 or 11. East Roberts 222. Laboratory, one period of two and one-half hours. Stone. Assignment to sections must be made at the time of registration. Professor PETRY, and Messrs. ARNOLD, BURKHOLDER, LAUBENGAYER, and others. Laboratory fee, \$2.50 a term; deposit, \$3, for first term only.

Both terms of the course must be completed to obtain credit, unless a student is excused by the department.

101. Chemistry: Introductory Inorganic. Repeated in the second term. Credit three hours. Lectures, T Th S 11, M W F 11, Baker, Main Lecture Room. Professor BROWNE and Assistant Professor MCKINNEY.

Examinations for those who were unavoidably absent from the final examination in Chemistry 101 will be held at 2 p.m. on the day before instruction begins in the fall.

105. Chemistry: Introductory Inorganic. Recitations and laboratory practice repeated in second term. Credit three hours. Recitations, one hour per week to be arranged. Laboratory sections: M F 2-4.30, T Th 2-4.30, W 2-4.30, S 8-10.30. Room 150. Professor BROWNE, Assistant Professor MCKINNEY, and assistants.

Chemistry 101 and 105 must be taken simultaneously unless permission has been obtained by the student from the Dean of his College and from the Department of Chemistry to take either course alone.

210. Chemistry: Introductory Qualitative Analysis. Shorter course. Repeated in the second term. Credit three hours. Prerequisite, Chemistry 101 and 105. Lecture, T 12. Baker 207. Laboratory sections, T Th 8-10.30, T Th 2-4.30. Baker 50. Dr. COREY and assistants.

225. Chemistry: Introductory Quantitative Analysis. Shorter course. Repeated in the second term. Credit three hours. Prerequisite or parallel, Chemistry 210. Lecture, Th 12. Baker 207. Laboratory sections, T Th 8-10.30, T Th 9-11.30, M W 2-4.30, T Th 2-4.30. Baker 252. Mr. HOSKING.

375. Chemistry: Elementary Organic. First term, lectures and written reviews only, four hours credit; with laboratory practice, five or six hours credit. Prerequisite, Chemistry 210 and 225, or 205, 206, 220, and 221. Open to those who are taking course 220. Lectures and written reviews, M W F S 12. Baker, Main Lecture Room. Laboratory section and oral reviews, M W 2-4.30. Baker 250. Mr. BEACH and assistants.

880. Chemistry: Elementary Chemistry of Food Products. Second term. Credit two hours. Prerequisite, Chemistry 101. W F 10. Baker 377. Mr. MISCALL.

2. Drawing: Mechanical Drawing. First term. Credit three hours. Open only to students specializing in the institution management course. Lectures during laboratory periods. Laboratory, T 2-4.30 and S 8-10.30. Additional practice periods to be arranged to suit the schedule of the student. Dairy Building, Fourth Floor. Assistant Professor REYNA.

Work will begin with the first laboratory period. Students must apply at the department office before that period regarding materials required.

1. Economics: Modern Economic Society. Repeated in second term. Credit five hours. Daily except S, 8, 9, 10, 11, 12, 2. Professor SLICHTER.

In the first term the enrollment will be limited. Students should register, if possible, on the first day of registration. Assignment to sections will be made on registration days at Goldwin Smith 260.

2a. Economics: Modern Economic Society. First term. Credit three hours. M W F 8, 9, 11; T Th S 8, 9, 11. Professor SLICHTER.

Courses 2a and 2b have the same content as course 1. Enrollment will be limited, and students should register, if possible, on the first day of registration. Assignment to sections will be made on registration days in Goldwin Smith 260.

2b. Economics: Modern Economic Society. Second term. Credit three hours. Prerequisite, course 2a. M W F 8, 9, 11; T Th S 8, 9, 11. Professor SLICHTER.

11. Economics: Money and Banking. Repeated in second term. Credit five hours. Prerequisite, Economics 1 or its equivalent. First term: daily except S, 10; second term: daily except S, 11. Goldwin Smith 142. Professor REED.

2. Education: Principles of Secondary Education. Second term. Credit three hours. Prerequisite, Education 1. Section I: M W F 2. Professor JORDAN. Section II: T Th S 12. Goldwin Smith 234. Dr. FREEMAN.

13. Education: History of American Education. First term. Credit three hours. Prerequisite, Education 1. T Th S 8. Goldwin Smith 128. Dr. BRUCE.

1. English: Elementary Composition and Literature. Throughout the year. Credit three hours a term. M W F 8, 9, 10, 11, 12, and T Th S 8, 9, 12. Rooms to be announced. Messrs. BALDWIN, JOHNSON, ELSON, AINSWORTH, BISSELL, and BUCHANAN.

This course is designed for underclassmen in Architecture, Agriculture, and Chemistry, who have satisfactorily passed the entrance requirements in English. Students who have not taken the course in the first term may enter in the second term in sections provided for them.

Registration in the course is in charge of Mr. Baldwin. Students who elect English I must apply at Roberts 292 on Monday, Tuesday, or Wednesday of registration week, for assignment to sections.

15. Extension Teaching: Agricultural Journalism. First term. Credit three hours. Open only to those who have passed the required hours in English with an average grade of C, or better. T Th S 10. Fernow 122. Professor BRISTOW ADAMS.

206. Geology: Commercial Geography. First term. Credit two hours. Prerequisite, Geology 200 or Economics I. Lectures, T Th 11. McGraw, Geological Lecture Room. Professor VON ENGELN.

3. Physics: Introductory Experimental Physics. First term. Credit three hours. Lectures, W F 9 or W F 11. Rockefeller A. Professor MERRITT. Laboratory, one two-hour period a week, to be arranged. Rockefeller 220. Messrs. FISHER, BARNES, LARSEN, CARR, GOLDSMITH, HIRSH, MARCHANT, NELSON, and THEN.

Courses 3 and 4 form a continuous first course.

4. Physics: Introductory Experimental Physics. Second term. Credit three hours. Lectures, W F 9 or W F 11, Rockefeller A. Assistant Professor HOWE. Laboratory, one two-hour period a week, to be arranged. Rockefeller 220. Messrs. FISHER, BARNES, LARSEN, CARR, GOLDSMITH, HIRSH, MARCHANT, NELSON, and THEN.

111. Rural Education: Psychology for Students of Education. First or second term. Credit four hours. Open to juniors and seniors. First term: Section 1, lectures, M W F 11, Caldwell 143; laboratory, T 2-4.30, Caldwell 282. Section 2, lectures, M W F 11, Countryman Building; laboratory, W 2-4.30, Caldwell 282. Section 3, lectures, M W F 9, Caldwell 143; laboratory, Th 2-4.30, Caldwell 282. Second term: Section 1, lectures, M W F 11, Caldwell 143; laboratory, W 2-4.30, Caldwell 282. Section 2, lectures, M W F 8, Caldwell 100; laboratory, Th 2-4.30, Caldwell 282. Professor KRUSE and Assistant Professors BAYNE and ———.

116. Rural Education: Psychology for Students of Child Training. Second term. Credit two hours. Open only to students who have had course 111. Lectures, T Th 11. Caldwell 100. Professor KRUSE.

135. Rural Education: The Teaching of Home Economics in the High School. Second term. Credit three hours. Prerequisite, Rural Education 111. Rural Education 121 should precede or parallel it. Should be taken by juniors. Lectures, T Th 8. Home Economics Building 100. Laboratory, T or Th 2-4.30. Caldwell 100. Acting Professor CONLEY.

A one-day excursion is part of the course.

136. Rural Education: Directed Teaching in Home Economics. First or second term. Credit two to five hours, amount to be determined by work done. Open to students preparing to teach home economics. Students planning to take this course should arrange with the department during the junior year. General conferences, S 8-10. Caldwell 282. Acting Professor CONLEY and Misses BULL and HASTIE.

A week-end trip for the purpose of studying equipment is a part of the course.

[138. Rural Education: Methods of Extension Teaching in Home Economics. Second term. Credit two hours. Prerequisite, course 111 or equivalent. W F 2-4.30. Home Economics Building 100. Professor EATON and Assistant Professor MORTON. (See Extension 100, College of Home Economics.)] Not given in 1927-28.

A study, with practice, of methods of teaching appropriate to the work of home demonstration agents and junior club agents.

191. Principles of Education. Second term. Credit three hours. Open to juniors and seniors who have completed course 111. Students preparing to teach home economics should take this course. Section 1, M W F 11, Caldwell 100; section 2, M W F 8, Roberts 292. Professor MOORE.

A consideration of fundamental principles of education with special attention to the needs of prospective teachers in the high school.

10. Rural Engineering: Household Mechanics. Second term. Credit three hours. For women students. Lectures, T Th 12. Caldwell 143. Practice, F 10-1, F 2-5, or S 10-1. Rural Engineering Laboratories. Professor ROBB. Laboratory fee, \$1.

161. Rural Engineering: Mechanism of Hotel Machines. First term. Credit four hours. For juniors. Prerequisite, Drawing 2 and Physics 4. Lectures and recitations, M W F 11. Roberts 292. Laboratory, to be assigned at time of registration, T Th or F 2-5. East Roberts 1. Assistant Professor RANDOLPH. Laboratory fee, \$5.

162. Rural Engineering: Hotel Power Plants. Second term. Credit three hours. For juniors. Prerequisite, course 161. Lectures and recitations, M F 11. Roberts 292. Laboratory, W Th F 2-5, or S 9-12. East Roberts 2. Assistant Professor RANDOLPH. Laboratory fee, \$5.

163. Rural Engineering: Hotel Auxiliary Equipment. First term. Credit three hours. For juniors and seniors. Prerequisite, course 161. Lectures and recitations, W F 8, Roberts 292. Laboratory, M or W 2-5, or T or S 9-12, East Roberts 2. Assistant Professor RANDOLPH.

164. Rural Engineering: Hotel Engineering Problems. Second term. Credit three hours. For seniors. Prerequisite, courses 162 and 163. Lectures and recitations, M W F 9. Roberts 292. Assistant Professor RANDOLPH.

UNIVERSITY REQUIREMENTS FOR THE DEGREE OF BACHELOR OF SCIENCE, AND RELATED ELECTIVE COURSES

Hygiene and Preventive Medicine

All undergraduate students are required to present themselves to the Medical Advisers and receive a thorough confidential physical examination once a year. Appointments for this examination must be made during the regular registration days of the first term by all entering students and sophomores. Appointments for this examination must be made during the regular registration days of the second term by all juniors and seniors.

All students in the first two years of the undergraduate courses are required to attend lectures on hygiene and preventive medicine given once a week throughout the college year. The first year (Hygiene 1 and 2) is devoted to personal hygiene, mental hygiene, and first aid. The second year (Hygiene 3 and 4) is devoted to sanitation, disease prevention, and group hygiene.

MEN

First Term Schedule:

Hygiene 1—W 11, Th 9, 12, F 9, S 8, 10, 12.

Hygiene 3—M 9, 11, T 9, 11, 12, W 9.

Second Term Schedule:

Hygiene 2—W 11, Th 9, 12, F 9, S 8, 10, 12.

Hygiene 4—M 9, 11, T 9, 11, 12, W 9.

WOMEN

First Term Schedule:

Hygiene 1—Th 10, 11, F 11.

Hygiene 3—M 8, T 10, S 11.

Second Term Schedule:

Hygiene 2—Th 10, 11, F 11.

Hygiene 4—M 8, T 10, S 11.

Military Science and Tactics, and Physical Training

1. Practical and Theoretical Training. Throughout the year. Every able-bodied male student a candidate for a baccalaureate degree, who is required to take five, six, seven, eight, or more terms in residence, or the equivalent in scholastic hours, must take, in addition to the scholastic requirements for the degree, one, two, three, or four terms, respectively, in the Department of Military Science and Tactics. Three hours a week, M T W or Th 2.15-5.15 p. m. New York State Drill Hall.

The requirements in military science and tactics must be completed in the first terms of residence; otherwise the student will not be permitted to register again in the University without the consent of the University Faculty.

The course of training is that prescribed by the War Department as basic for infantry and field-artillery units (as elected) of the Reserve Officers' Training Corps. The infantry includes instruction in physical training, disciplinary drills, ceremonies, military courtesy, auxiliary weapons (machine guns, automatic rifles, 37-mm. guns, and trench mortars), indoor and outdoor rifle practice, pistol practice, topography and mapping, tent pitching and camp sanitation, signaling, field engineering, field maneuvers, interior guard duty, and fundamental principles in minor tactics and leadership. The field artillery includes instruction in organization of the battery, customs of the service, military courtesy and discipline, individual equipment, pistol practice, hippology, gunnery, signaling, physical training, equitation and horsemanship, topography and reconnaissance, and motors.

2. Elective Military Training. Throughout the year. Credit two hours a term. Hours by assignment. New York State Drill Hall.

This is the advanced course prescribed by the War Department for units of the Reserve Officers' Training Corps, and includes three hours each week in the performance of the duty of officer or non-commissioned officer with organizations undergoing the training given under course 1, and two hours each week of theoretical instruction in preparation for such duties. Prerequisite, course 1.

Course 2 may be elected only by permission of the Dean of the College and the Professor of Military Science and Tactics, and at least the first four hours of registration will be counted in the twenty elective hours allowed outside the College of Home Economics (page 16). To enjoy the benefits offered by the Federal Government, the student must agree to continue the course for four terms and to attend a summer camp having a duration of about six weeks.

1. Physical Training for Men Excused from Drill (Freshmen). Throughout the year, three periods a week. Class and squad work and prescribed exercises. Mr. O'CONNELL and assistants.

2. Physical Training for Men Excused from Drill (Sophomores). Throughout the year, three periods a week. Class and squad work and prescribed exercises. Mr. O'CONNELL and assistants.

3. Physical Training for Men (Juniors and Seniors). Building-up and corrective exercises, as prescribed by the medical examiners as a result of the physical examination required of all students in the University. Mr. BURKHOLDER.

4. Boxing, Wrestling, and Fencing, Instruction, free, at hours to be arranged. Messrs. FALLON, O'CONNELL, and DARRIELAT.

5. Swimming. Instruction, M T W Th F 4-6. Mr. CRAIGIE.

6. Physical Training for Women (Freshmen). Throughout the year, three periods a week. Misses BATEMAN, CANFIELD, READ, RYAN, and WATERMAN.

7. Physical Training for Women (Sophomores), Throughout the year, three periods a week. Misses BATEMAN, CANFIELD, READ, RYAN, and WATERMAN.

The work of the two years consists of outdoor games and exercises from the beginning of the year to Thanksgiving, and from the Easter vacation to the end of the year. From Thanksgiving to Easter, the work is in large part indoors and

consists of floor exercises, folk, esthetic, and interpretative dancing, and indoor games, in all of which certain prescribed tests must be met at the end of each period.

For further information as to the required work in physical training, see the handbook issued by the department.

8. Physical Training for Women (Juniors and Seniors). Building-up and corrective exercises, as prescribed by the medical examiners as a result of the physical examination required of all students in the University. Miss WATERMAN.

CORNELL UNIVERSITY OFFICIAL PUBLICATION

Entered as second-class matter, December 14, 1916, at the post office at Ithaca, New York, under the Act of August 24, 1912.

Issued at Ithaca, New York, twice a month from December to June inclusive, and monthly from July to November inclusive.

This series of pamphlets is designed to give prospective students and other persons information about Cornell University. No charge is made for the pamphlet unless a price is indicated after its name in the list below. Requests for pamphlets should be addressed to the Secretary of the University at Ithaca. *Money orders should be made payable to CORNELL UNIVERSITY.*

The prospective student should have a copy of the
General Circular of Information

and a copy of one or more of the following Announcements:

Announcement of the College of Arts and Sciences.

Announcement of the College of Engineering.

Announcement of the Law School.

Announcement of the College of Architecture.

Announcement of the New York State College of Agriculture.

Announcement of the Winter Courses in the College of Agriculture.

Announcement of the New York State College of Home Economics.

Announcement of the New York State Veterinary College.

Announcement of the Courses in Hotel Administration.

Announcement of the University Division of Education.

Announcement of the Department of Chemistry.

Announcement of the Graduate School.

Announcement of the Summer Session.

Announcement of the Summer Session of the Law School.

Announcement of the Summer School of Biology.

Program of the Annual Farmers' Week.

Annual Report of the President.

Special departmental announcements, a list of prizes, etc.

Other periodicals are these:

The Register, published annually in September, and containing, not announcements of courses, but a comprehensive record of the University's organization and work during the last year. Price, 50 cents.

Guide to the Campus. Illustrated. Price, 50 cents.

Directory of the University. Price, 10 cents.

The *Announcement of the Medical College* may be obtained by addressing the Cornell University Medical College, Ithaca, New York.

Correspondence regarding the Cornell University Official Publication should be addressed to

THE SECRETARY, CORNELL UNIVERSITY,
ITHACA, NEW YORK.
